Maria del Mar Cuadros Collazos

Frontend Developer

Colombia

Extracto

Software Engineer, interested in working in Frontend Development of highly scalable applications using technologies like JavaScript/TypeScript, React, Vue, and Next. I have two years of experience in Frontend development, building NextJS applications for enterprise customers in the US. Before my role as a Software Engineer, I have four years of experience in entrepreneurship, company management, and leadership. I constantly learn by myself to become a better engineer, proving myself to be an adaptable and dynamic professional.

Experiencia

Formula.Monks

Frontend Developer

junio de 2022 - Present (2 años 6 meses)

Colombia

Currently working as a Frontend Developer for an enterprise client in the US. During this time, I have worked with React, NextJS, Typescript, and Jest. As part of this experience, I have helped the team to successfully develop and release two applications that supported the in-store customer experience for the client.

Zemoga

Frontend Developer Trainee

junio de 2022 - octubre de 2022 (5 meses)

Colombia

I worked as a Frontend Trainee developing an internal application using VueJS. I acquired fundamental skills in software development, agile methodologies, and unit testing.

Zemoga merged with Media.Monks in September 2021.

C&C Equipos

4 años 5 meses

Regional Manager

febrero de 2020 - junio de 2022 (2 años 5 meses)

Medellín, Antioquia, Colombia

Lead the opening of a new Branch Office in Medellin, handling the strategic and budget planning; client and contractor acquisition, negotiation and relationships and the management of financial and human resources.

I made this new Branch Office profitable in under a year.

Project Manager

febrero de 2018 - febrero de 2020 (2 años 1 mes)

Santiago de Cali, Valle del Cauca, Colombia

I lead the strategic planning, market analysis, pricing and budget strategy for a new product of the company.

The new product was the second most requested under 7 months.

RECKITT BENCKISER

Marketing Trainee

noviembre de 2016 - febrero de 2018 (1 año 4 meses)

Valle del Cauca, Colombia

Marketing strategy planning support with the Brand Manager for Durex and Woolite brands. Development and implementation of digital campaigns, including budget support and monthly sales reports.

I identified several opportunities in the Durex digital marketing strategy and those suggestions were included in the 2018 campaign.
